

Analytics Society of India:

Analytics Society of India is the first and largest body of analytics professionals and organizations in India. It is a national level not-for-profit organization founded in 2013. ASI has been founded by eminent personalities from Indian Institute of Science, Bangalore (IISc) and Indian Institute of Management, Bangalore (IIMB) with an objective of promoting and propagating knowledge in the area of analytics. Various blue-chip corporate organizations, educational institutions and individuals from across the country are members of ASI. ASI provides a platform for organizations and people to come together to share their knowledge in the field of analytics.

It promotes research and application in this domain. ASI regularly organizes workshops, seminars, conferences and technical talks for the benefit of professionals in analytics domain.
